Seven Seas

by Rob Fairbairn, Mark Leehy, Kevin O'Mara

- 1 When the tide is on the rise
And the moon is setting sail across the summer skies
There's a voice upon the breeze
Calling you across the seven seas
- 2 When the night is in the air
And whispers on the wind that's blowing through your hair
You will answer dreamily
And sail your dream across the seven seas

Bridge 1 Put the shell up to your ear and all the stories
That you hear will lead you on
The calling of the ocean is a signal
That the voyage has begun

Chorus: Seven seas, seven seas
We'll vanish into tales of mystery
Seven seas, seven seas
Sail with me across the seven seas

- 3 When the storm is overhead
And ancient legends beckon from the ocean bed
There's a ship down by the quay
To carry you across the seven seas

Bridge 2 Hoist the anchor set the sail for where the dolphins
And the whales are swimming free
Discovering the secrets and the treasures
Hidden by the seven seas
