Chorus: That Dragon, he's a pain,
That Dragon, what a pain.

Verse 1 That Dragon lights the BBQ
That Dragon needs a talking to,
That Dragon he blew down the loo
What are we gonna, what are we gonna,
What are we gonna do?

Chorus: That Dragon, he's a pest,
That Dragon, we're not impressed.

Verse 2 That Dragon, really is a fright,
That Dragon, keeps us in at night,
That Dragon, what an appetite!
Too right!

Bridge
(Peasant 1) That Dragon, he's a pain you know,
My life, it's not the same you know,
Ever since, he came and burnt my washing hanging out
Upon the line

(Boris) You need a hero with a plan,
Like me, I reckon I'm your man,
You'll see, I'll have that lousy lizard eating
From my hand

Chorus: That Dragon makes me sick
That Dragon, should bet the flick.

Verse 3 That Dragon's guzzled all the beer,
The King is feeling rather queer, It's been a mongrel of a year
Here, here!

Chorus: That Dragon, he's a pain,
That Dragon, what a pain.

Verse 4 That Dragon always burns the meat,
He stops the traffic in the street,
That Dragon, he's got smelly feet.
What'll we do, what'll we do?
... Let's eat!
