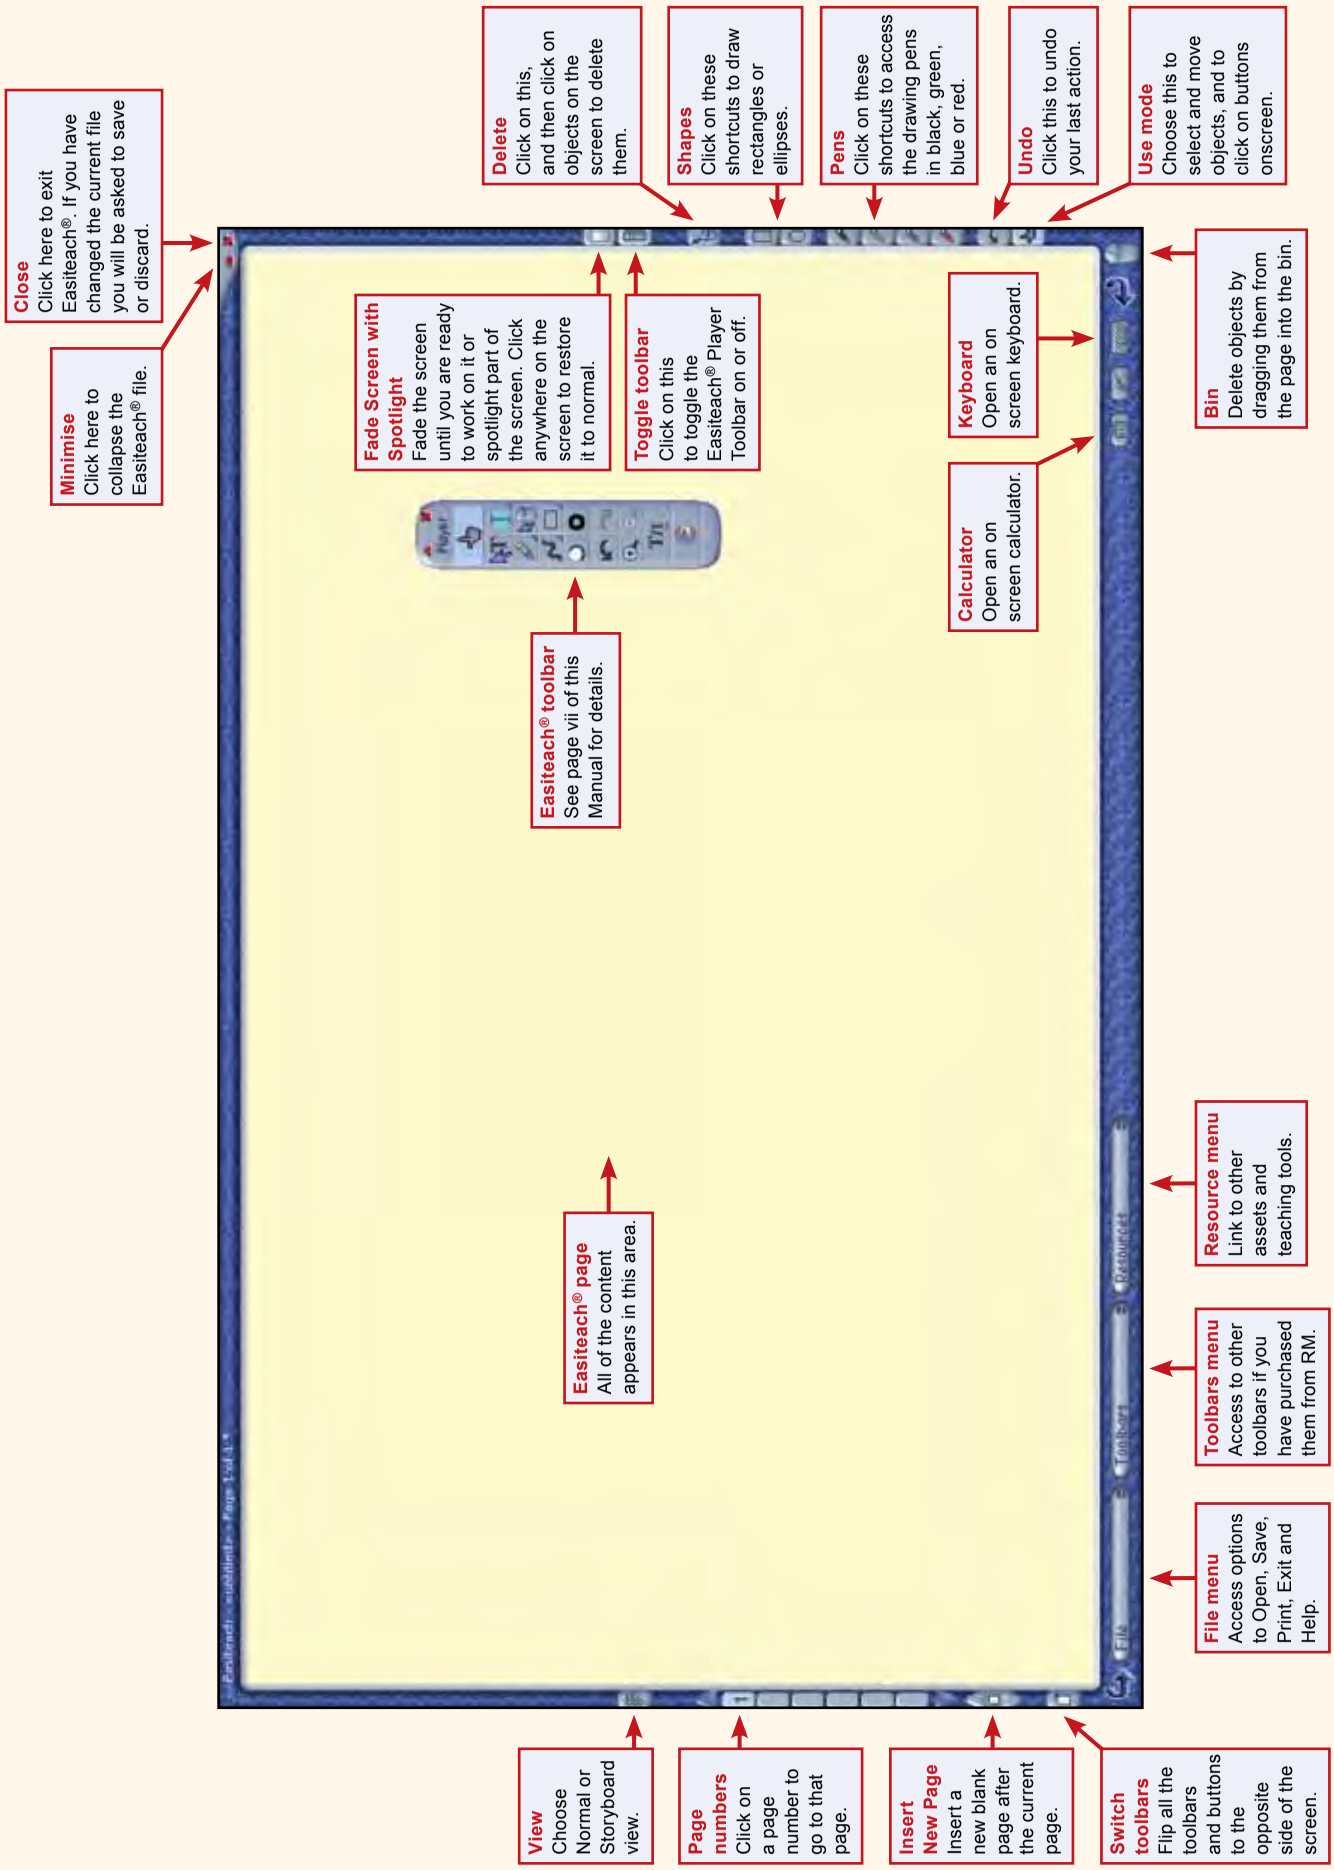
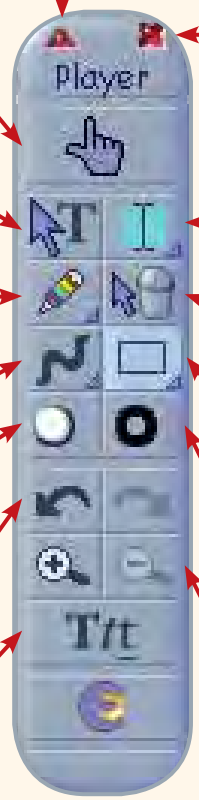
The Easiteach® Player screen

Following are the main features of the Easiteach® Player screen.

For more detailed information, open Easiteach® and from the **File** menu, select **Help**.



The Easiteach® Player toolbar



Collapse
Click to reduce the size of the toolbar.

Use mode
Choose this to select and move objects, and to click on buttons onscreen.

Edit mode
Choose this to alter an object. Use this mode for Unit 4, lesson 5, activity 5.

Pen mode
Draw freehand lines in different colours.

Freehand Line
Draw freehand lines, straight lines or arrows.

Fill
Change the colour of text or shapes selected in Edit Mode.

Undo/Redo
Go forwards or backwards one step at a time.

Typeface
Change the font and size of text selected in Edit Mode.

Close
Click here to close out of the toolbar. Re-open by choosing Easiteach on the toolbars menu or use the toggle toolbar.

Highlight/Remove Highlight
Choose a colour and drag the cursor anywhere on the page for a freeform highlight, or drag across text to highlight.

Delete
Click on this, and then click on objects on the screen to delete them.

Shapes
Draw rectangles, ellipses or polygons, select a ready made shape.

Line Colour and Width
Change the colour and width of line or outlines selected in Edit mode.

Zoom In/ Zoom Out
Zoom in by clicking on the screen or drawing a box around the area you wish to zoom in on. Click on Zoom Out to return to normal size.
